### Quarterbacks

One of the big plusses for us. Josh McGregor is coming back for his senior year and has again worked extremely hard in the off season. He definitely will be the catalyst to our offense and can run the team as well as anybody in the country. Behind Josh we have some young guys. This is the first year we've had an inexperienced second-team guy. Trevius Folston is a redshirt freshman, 6-7, 215 pounds, who has a great arm. Kade Bell brings a lot of athletic ability and Garrett Mohr comes in as a punter and QB. They will be vying for the job. The key for us this year is keeping Josh McGregor healthy.

### Running Backs

This is a position that we've been fortunate with the last four years as we had a guy who finished as the all-time leading rusher in Rudell Small. We're going to miss him, but we found a kid last year who we feel can come in and replace him in J.J. Laster who is coming back for his senior year. He led the nation in yards per attempt last year (8.5) and he's a great all-around player. Behind him we have some speed with Keith Dawson, who was hurt last year, and true freshman Johnny Hicks.

### Wide Receivers

We've got two quality seniors coming back in Josh Philpart, who's already the all-time leading receiver in the history of the school and Larry Thompson who was unguardable in the spring. Complement that with people like fifth-year senior Tommie Rogers, Dorian Guy, Adrian Riley, veterans Ray Scott and Matt Milton and you've got the makings of a great receiving class.

### Offensive Line

Again, veterans. We'll have eight seniors along the front, five of them starters and three quality backups. We've got to replace our left tackle and left guard and we think we've done a good job in evaluating what we have. Right tackle Chad Cypher has moved to left tackle. We've always thought Chad was a left tackle, but we had a great one there in Leonard Payton. Spencer Hodges, who is in the best shape of his life, will be at right tackle. Ian Osking and Kevin Halverson have played guard for three years and we like what center Kyle Nanton can do. We didn't lead the nation last year just because we had skill players; we led the nation because we had a great group of offensive linemen that gave us the ability to use our skill.

### Defensive Line

It's a position where we return quite a few players. Overall, we're in the best position we've ever been in on the defensive line and we feel very good about that. It all starts with senior Rolando Fines, who had a great year last year and is in the best shape of his life. Our nose tackle, Mike Mayoral, is back after starting all last year. Behind them are some young guys, Juan Pimienta, Charles Dowdy and Montavis Mack. I think Luidji Michel has a world of potential and Daniel DelGuidice is a kid we really like.

### Linebackers

It's a position where we could have to play some young guys. There are some veterans, like Mike Klein who was Freshman Player of the Year in the Pioneer Football League last year when he replaced Layne McCombs. McCombs tore his ACL and has injured it again. If he's healthy, he'll be the best player on our defense. We're sort of iffy there. Taylor Marsh is coming back and has played a lot for us and we feel very good about his starting at strong side, Montaque Mack will be a guy we need to get some playing time and weak side.

### Defensive Backs

Again, it's about experience. Darren Johnson, Leonard Smith, Lacy McDougald and redshirt junior Andy Sainvil all are back and sophomore Ed Foley gives us some depth there. At corner we're as athletic as we've ever been with two experienced players, Colby Walden and Andre Addison. We think Walden can be as good as anybody on this level at his position and Addison gave us the option to move Johnson to safety. We think Schoen Thomas will come on and give us some depth this year.

### Punter/Kicker

The kicking game is like the linebackers in that we might have to depend on some kids that are younger and don't have quite the experience, but we feel good about their abilities. The punting job probably will come down to two freshmen, Mohr and Tyler Gilbert, and we feel good about the talent they have. At kicker we have Dallas Stubbs, Blake Myregaard and Bladen Gudz, who is a sophomore who will compete against those two freshmen. We feel whoever wins that job is going to be a pretty good kicker.

### Kick/Punt Returns

We've got some very athletic kids but we've got to find ways to get the ball in their hands. One is Colby Walden who'll probably be our lead kickoff guy and ran one back last year for a touchdown. We feel like he can be the best in our conference. There are a lot of others who are young but could fight for time there. At punt returner we've got Adrian Riley, Andre Addison, Larry Thompson, they'll be trying to replace the best punt returner in school history, Elliott Finkley. It may be a tandem that does the job for us.

### Overall

This is an experienced team. They are a team on a mission. We've had a lot of kids working out and not just any players, but top quality starters. We're in the best shape we've been in. They understand we've got the toughest schedule in the history of our school. We've got to start extremely well but this is a team that can go as far as it wants to. As long as we can stay healthy we feel very good about the prospects of this season.
