

## 2011 Kerwin Bell Dolphin Football Camps

Dear Campers,

I would like to personally invite you to the Kerwin Bell Football Camps featuring the Jacksonville University coaching staff. These are exciting times for the JU football program and we welcome you to come see first hand what we are doing on the football field.

Our staff brings a wealth of football knowledge to our camps at all positions. You will get quality instruction as our coaches are prepared to teach the same skill and fundamentals that we stress with our own players.

Our goal is to improve your technique at your given position and send you home a better football player.

Go Dolphins,

Kerwin Bell

### Jacksonville University Coaching Staff

Head Coach  
Kerwin Bell

Kerwin Bell enters his fifth season at JU after a stellar playing career and a state championship as head coach of Trinity Catholic High School in 2005.

In looking for the second football coach in the history of Jacksonville University, director of athletics Alan Verlander wanted for a person to take the Dolphins to the next level.

The success was immediately felt at JU as the Dolphins captured their first Pioneer Football League title with a 9-4 record in 2008. The following year, JU was in the thick of the PFL race once again but finished 7-4 for the program's first back-to-back winning seasons.

In 2010, JU finished a program-best 10-1 to claim their second conference title in three years while also earning the program's first national ranking (21 - Sports Network/Fathead.com FCS top 25).
